

ABHISHEK WAMBURE

DATA ENTHUSIAST

+91-9370338107 | abhishekusingofficial@gmail.com | [LinkedIn](#) | [Medium](#) | [Portfolio](#)

PROFILE SUMMARY

Detail-oriented Data Enthusiast with hands-on experience in Power BI, Python, and data visualization. I specialize in designing insightful dashboards and translating complex datasets into clear, actionable strategies. With a strong grasp of storytelling through data, I've analyzed viewer behavior, predicted digital trends, and uncovered insights that drive smarter business decisions. Passionate about solving real-world problems through analytics and continuously improving performance through data-driven solutions

EDUCATION

01/2020 - 01/2023
MIT SCIENCES

BSC. Computer Science
CGPA : 9.4/10

EXPERIENCE

01-03 2024
Freelance Data
Analyst

Independent Projects

- Designed a sales analysis report for a local retail chain, highlighting monthly trends and forecasting sales growth.
- Created interactive Power BI dashboards for a small NGO to track fundraising progress.
- Designed tailored visualizations, including KPIs, heatmaps, and trend analyses, enabling clients to make data-driven decisions. Collaborated with stakeholders to customize solutions, and enhance data clarity for diverse audiences.

03/2024 - **CURRENT**
Business Intelligence
Analyst

Designed 5+ dashboards to enhance KPI analysis

- Designed and developed interactive dashboards in Power BI and Excel, providing insights into KPIs for better decision-making.
- Streamlined reporting, reducing time by 30%, and created visualizations like heatmaps and trends for clearer communication.
- Improved collaboration through effective data presentation to non- technical stakeholders.
- Customized visualizations, including heatmaps, trends, and progress bars, to effectively communicate complex data to non- technical stakeholders.

CERTIFICATIONS

Data Chronicles

Evolving one skill at a time — because growth has no finish line

- Machine Learning &Data Science Bootcamp : Udemy
- Power BI Workshop office master Basics of EDA with Python : Great Learning
- Mysql Basic's detailed certified course
- Prompt Engineering for ChatGPT : GreatLearning

TECHNICAL SKILLS

Python | Machine Learning | Business Intelligence (BI) | Tableau | Data Cleaning | Microsoft Excel
Exploratory Data Analysis (EDA) | Data Visualization | ETL (Extract, Transform, Load) | Statistical
Analysis | SQL | Apache Spark (PySpark)

Turning data into decisions, one insight at a time
